## Satin Smooth Launches DermaRadiance Organic Flower Peel

*A gentle wholesome approach to smooth beautiful skin like nature intended*

**Stamford, CT** – Satin Smooth introduces their innovative approach to dermabrasion, DermaRadiance gently exfoliates and stimulates your skin for a smoother look and feel. Using natural organic flower peel grains to exfoliate dead dry skin, DermaRadiance also promotes circulation. This multi-dimensional approach via nature, uses three uplifting and energizing aromatic scents which gently provide a healthy glow while restoring the skin's texture and vitality. The treatment combines two methods of dermabrasion by means of 'Crystals' and 'Crystal – Free', both available in one compact size to maximize your services and offer personalized treatments for your clients. Satin Smooth also offers Oxygen Infusion Serums, which will help restore natural balance and nutrients to the skin. Fortified with Vitamin B5 and calming Rose Oil, the serums allow skin to replenish moisture while providing SPF coverage for sensitive skin. They can be used during a treatment or as a finishing skin care product for beautiful looking skin.

### DermaRadiance Organic Flower Peel

**Offers three uplifting energizing and aromatic scents from Australia**

- **Soothing Lavender** - One of the most versatile flowers with many therapeutic properties, beneficial for all skin types which will calm, soothe and hydrate stressed skin.
- **Rejuvenating Rose** - One of the world's most beautiful flowers with many therapeutic properties for the mind as well as the body, and has always been associated with femininity and romance. Known to balance and tone skin while improving complexion.
- **Calming Tea Tree** - A well-known Australian plant naturally used as a preventative treatment for oily and acne-prone skin. Tea Tree's aromatic fragrance and powerful properties will help clear and soften problem areas and revitalize skin conditions.

**DermaRadiance Organic Flower Peel also includes a 15 minute collagen infused treatment mask to cool and refresh skin after treatment.**
