

**For Immediate Release**

## **The New Ultimate Collagen Mask Collection Promises Uplifting Results**

**Stamford, CT. (March 2011)** – Get a full-face lift in the salon or at home with the new **Ultimate Collagen Mask from Satin Smooth**. The convenient mask collection delivers a professional firm and refresh look, while stimulating the skin.

The versatility of the **Ultimate Collagen Mask** allows spa and salons to provide traditional and express facial services, as well as, a post-wax calming treatment without requiring a private room. In addition, consumers can simultaneously receive a collagen boost with a salon service such as a manicure or pedicure. The collection can also be used at home for the same outstanding results.

The **Ultimate Collagen Mask** collection combines wholesome ingredients such as milk and honey to exfoliate and hydrate the skin, while a blended natural marine-based collagen ingredient plumps and firms the skin. Aloe, Vitamin E, Vitamin C and rose oil help soothe, nourish and moisturize skin for immediate results. Suitable for all skin types, the mask collection is clinically proven to reduce hyper-pigmentation, age and sun spots, minimize pores, and tighten skin to reduce the look of fine lines.

Whether looking to enhance your eyes, lips or face – give your look a lift with any of the five available masks:

### **Satin Smooth Ultimate Collagen Mask Collection:**

- 3 pack of Ultimate Collagen Face Lift, \$14.99
- 3 pack of Ultimate Collagen Neck Lift, \$11.99
- 3 pack of Ultimate Collagen Eye Lift, \$6.99
