

 SATIN
SMOOTH.®

Satin Smooth waxes. Imported from Italy, our premium waxes blend beeswax, vitamins, natural oils, and earth's essential elements. Propolis, nature's own anti-microbial, protects and nourishes skin, while built-in buffers eliminate the need for dusting powder. Formulated to melt and

cool quickly and spread easily, these premium waxes let you offer your clients an effective and comfortable waxing experience. All Satin Smooth® waxes are designed to use on any area of the body.

Honey Wax SSW14

Specially formulated to spread thinly and easily over large areas of the body, Honey Wax with Vitamin E is perfect for all types of hair and oily skin. Enriched with Vitamin E, which acts as a buffer between the skin and the wax, it is produced from natural pine resin and beeswax with natural anti-microbial properties.

Deluxe Cream Wax SSW14CR

Created with enriched vitamins and emollients to soften and smooth the hair shaft, Deluxe Cream Wax is especially formulated for thick, coarse and curly, stubborn hair. It is highly recommended for dry, dehydrated skin and while developed especially for African American and Latino clients, it can be used on all types of skin.

Aloe Vera Wax SSW14AV

Aloe Vera Wax cools and moisturizes the skin while reducing irritation during waxing services. Recommended for use on tanned, dehydrated and aging skin, it is ideally suited for use on delicate and sensitive areas like the face, upper torso, underarm and bikini. It should be used on fine to medium fine hair and dry skin.

Zinc Oxide Wax SSW14Z0

Acne and blemish prone skin need special care – Zinc Oxide Wax protects problem skin from irritation and rashes. Developed for fair complexions and the thinner skin of preteens and teens, and first time waxers, it is recommended for use on fine to medium hair and ultra-sensitive skin on the face and body.

Tea Tree Wax SSW14TT

This therapeutic wax contains tea tree oil and eucalyptus, natural calming extracts that penetrate the pores to relax and release hair follicles. It contains titanium dioxide, which is a buffing agent with natural properties, making it ideal for sensitive areas like face, underarms, neck and bikini line. Tea Tree Wax with Eucalyptus is great for use on sensitive skin with medium to coarse hair.

Lavender Wax SSW14LW

The combination of lavender oil and calming chamomile alleviates tension, relaxes hair follicles and creates a soothing waxing experience for all body parts. Especially designed for thick, coarse hair, Lavender Wax with Chamomile can be used on normal to sensitive skin.

Organic Soy Wax SSW14SY

Made with all-natural, pure organic ingredients, Organic Soy Wax is enriched with Vitamin D, titanium dioxide and whole nutrients to maximize hair removal and protect skin. The gentle formula easily removes fine to coarse hair from sensitive skin.

Honey & Argan Wax SSW14HA

Argan oil, derived from the Moroccan argan tree, is one of the world's most precious oils. It delivers many hydrating benefits to the skin. Honey wax with argan oil is formulated for sensitive skin with coarse to medium hair, and is suitable for hair removal on all parts of the body.

Wild Cherry Wax SSW14CH

Developed for ultra-sensitive skin, Wild Cherry® Hard Wax contains natural cherry fruit extracts and essential oils of Vitamin E to soothe the skin and protect from irritation. It has a low melting temperature and spreads easily. Recommended for Brazilian bikini waxing, it requires no cloth strips and is ideal for use on fine to medium hair.

Calendula Wax SSW14CT

Formulated with enriched extracts from the calendula flower and the tea tree plant, this no-strip disposable wax calms and soothes the skin and helps prevent inflammation. It is formulated for thick, coarse hair, is recommended for Brazilian bikini waxing and can be used on all skin types.

Citrus Mojito Wax SSW14MT

Citrus Mojito Thin-Film Hard Wax is infused with vitamin C and natural spearmint oil to calm and soothe the skin. It is specially formulated for sensitive skin with medium to coarse hair and is highly recommended for Brazilian bikini waxing.

Titanium Blue Wax SSW14MP

Men's waxing is a booming business, and Titanium Blue Thin-Film Hard Wax is perfect for male waxing! Infused with calming azulene oil, vitamin E and zinc oxide to maximize skin comfort and prevent breakouts, it is formulated for coarse to stubborn hair and sensitive skin.

Sexy Smooth

Feel good all over!

SSWQRD4
Satin Smooth® Professional Quad Warmer

Satin Smooth® Professional Quad Warmer is an exclusive design created to efficiently maximize your space and add customized waxing services for optimal client comfort and wellness. Thermostatically designed to create an even temperature throughout the day, this state of the art appliance can be used to expand your service menu by adding the selection of 4 different waxes, to your business.

Warmers

SSW08C

Satin Smooth® Professional Double Wax Warmer

Our state-of-the-art double wax warmer brings premium Satin Smooth® waxes to just the right temperatures for any and every area of the body. Comfort is the secret to your success; use our Professional Double Wax Warmer to ensure thin, even spreading and an ultra-comfortable experience for your client.

SSW09C

Satin Smooth® Professional Wax Warmer

A salon essential, our professional single wax warmer heats wax to the selected temperature quickly and evenly. It fits all brands of 14 oz. wax cans and features a quick-touch On/Off switch, a 10-setting temperature control to ensure client comfort, and a matching cover to maintain temperature.

SSW07C

Satin Smooth® Select-A-Temp™ Wax Warmer

An exceptionally easy way to warm 14- to 16-oz. cans of wax and maintain the ideal spreading temperature. A thermostatically controlled heater offers 12 temperature settings, and an indicator light reminds you that the unit is on. The large capacity makes this warmer a favorite.

SSNNSW
Satin Smooth® Nice 'N Neat™ Single Wax Warmer

Portable and convenient, this single cartridge wax warmer ensures superior results in minimal time. Specially designed to hold one large single wax cartridge, optimizing your waxing service. It also has a connection for another single warmer base, giving you options to customize your waxing services.

SSNNW6C
Satin Smooth® Nice 'N Neat™ Cartridge Wax Warmer

An innovative waxing system that uses wax-filled cartridges to improve performance and minimize service time. The ultimate convenience, this six-cartridge wax warmer heats 3 large and 3 medium cartridges in approximately 20 minutes.
